***Safety Whys goes Hawaiian!!!***

Safety Whys, a babysitter course, will be holding it's 8th Annual Conference on Saturday, May 17th. The students from the previous year's conference vote on the theme for the one following. Laura, the author of the theme cast will be the Guest of Honor. The fee is \$21 and open to any Safety Whys student who has already taken the regular 7 hour program. A highlight of the conference, along with the theme activities is voting for their favorite of each class's set of National Babysitters Day card designs! Safety Whys will also be presenting the "Releasing Wisdom" trophy to CPS Energy, during the Awards portion of the Conference.

National Babysitter's Day is Saturday, May 10th. If you have any in your circle, be sure to think of a way to make them feel special. — contributed by Barbara Baldwin, Public & Consumer Education Chairperson

This program was developed and supported by the Texas Emergency Nurses Association, and meets the continuing education requirement for Emergency Nursing licensure in the state of Texas.

ENA has approved 2.0 Continuing Education Contact Hours which meets BCEN’s Category of Clinical. Participants must attend the program in its entirety and complete the evaluation in order to obtain continuing education credit.

**Forensic Evidence Collection BNE CE Requirement**

Effective 9/1/2005, the Nursing Practice Act was amended, adding the CE requirement, Forensic Evidence Collection in Continuing Education, which applies to all nurses practicing in emergency room settings as either their home unit, floating, contracted, or other duties that involve functioning in the ER setting. This is a one-time requirement per nurse beginning 9/1/06; however, compliance is ongoing for any nurse who begins practicing in an ER setting, as there is no expiration date for this requirement under Rule 216.3(6). This is from the BNE website.
