0730 – 0845: Opening Ceremony

‘When Life Blows Up’
Staff Sergeant Shilo Harris, U.S. Army (Ret.)

SSG Harris’ has been a motivational speaker for 10 years, speaking to veterans, military organizations, Business conventions and sales development, healthcare professionals and school children. He provides inspiration with his frank description of his life shattering injuries, as a result of an IED exploding under his Humvee in Iraq and his agonizing road to recovery. And, shares how he rebuilt his life during 3 years of medical care while developing personal benchmarks through commitment, determination, and courage. SSG Harris’ story has recently been made into short film, ‘Shilo’ to release in 2017.

‘Forensic Impact on Care and Treatment of Crime Related Trauma’
‘Forensic Nursing and the Clinical Investigation of Trauma’
‘Forensic Nursing: A Prestigious History, a Promising Future’
‘Advancing Human Rights through Forensic Nursing Science’

Virginia A. Lynch, MSN, RN, FCNS, FAAN, FAAFS
Virginia A. Lynch is recognized as the founder of forensic nursing as a scientific discipline. A Master’s graduate from the University of Texas, College of Nursing, Arlington (UTA), she was named to their Wall of Honor as a Distinguished Alumna for her original research leading to the establishment of forensic nursing science. Her recent work includes ensuring the proliferation of forensic nursing by helping to build forensic nursing programs at colleges, universities and healthcare institutions worldwide. The End Violence Against Women, International (VAWI) organization recognizes Ms. Lynch as a visionary and pioneer in nursing and the forensic sciences and she “has arguably done more than any other person to create the field of forensic nursing. Through her work and leadership, she has touched the lives of countless people, providing care and healing for victims and promoting forensic science to hold offenders accountable.” Ms. Lynch is an international consultant, author and prolific lecturer on the field of nursing forensics.

‘Designing Safe and Secure EDs for Patients and Staff’
Jon Huddy, MArch, BA, AIA, NCARB
Mr. Huddy is President of Huddy HealthCare Solutions, LLC, a healthcare consulting and design firm focused on the specialty of Emergency Department design. Mr. Huddy has teamed with over 300 healthcare organizations and 50+ architectural and construction firms in the U.S., Canada, South America and Europe to develop responsive, high performance ED designs. He is the author of the book Emergency Department Design: A Practical Guide to Planning for the Future. Mr. Huddy has authored numerous articles and spoken to many international audiences on a wide variety of topics regarding ED project programming, planning and design.

‘Cardiovascular Emergencies – A Case Study Approach’
Sonja Brune, MSN, APRN, CCRN, CCNS

Ms. Brune is currently the Acute/Critical Care Clinical Nurse Specialist at the University of Texas Health Science Center at San Antonio. She works in the Division of Cardiology’s Heart Failure Program. She received her MSN from the University of Texas Health Science Center in San Antonio in 1999. Ms. Brune is a well-known lecturer on cardiology topics and a published author.

‘Psychiatric Medications in the ED’
‘Surge Planning 101: Focusing on NEDOCS’

Kristine Powell MSN RN CEN NEA-BC FAEN

Ms. Powell is currently the Corporate Service Line Director of Emergency Services at Baylor Scott & White Health – North Texas in Dallas, Texas and has worked in Emergency and Trauma Services for over 30 years. She received her MSN at the University of Texas at Tyler in Tyler, Texas in 2010. Ms. Powell is an active member of the Emergency Nurses Association and has held numerous positions at the local, state and national level. Due to her support and efforts on behalf of the nursing profession she was inducted in 2015 as a Fellow of the Academy of Emergency Nurses.

‘Hidden in Plain Sight: The Epidemic of Sexual Violence’
‘Speak Up For Those Who Cannot Speak For Themselves’

Jamie Ferrell, BSN, RN, CA/CP-SANE, SANE-A, SANE-P, CFN, CMI-III

Ms. Ferrell serves as Clinical Director, Forensic Nursing Services for the Memorial Hermann Health System in Houston, Texas. Jamie has 39 years of experience as a Registered Nurse, with extensive practice in Emergency/Trauma Care, Women’s Health, and Pediatrics. She has spent the last 31 years as a practicing Forensic Nurse/Sexual Assault Nurse Examiner (SANE). Ms. Ferrell’s commitment to being a catalyst for change for sexual assault victims of all ages has resulted with being featured in SELF magazine, completing an assignment with The United Nations in war torn Kosovo and furthering international humanitarian development in 12 countries. She is a multi-faceted educator, author and consultant whose work is well known as she shares her insights across the country and around the world on healthcare's responsibility to patients having suffered inflicted violence. She is a Founding Member and Past-President of the International Association of Forensic Nurses (IAFN) and is a lifetime member of IAFN and the Emergency Nurses Association (ENA). Ms. Ferrell is the recipient of the prestigious Virginia A. Lynch Pioneer Award from the International Association of Forensic as well as other local, state and national recognitions. Jamie is a Distinguished Fellow in the International Association of Forensic Nurses recognizing her contributions and selfless dedication to others.

‘ESI and Triage Pitfalls’
‘Humor - Nurses Best Friend’

Steven Jewell, BSN, RN, CEN, CPEN

Mr. Jewell is a Critical Care Registered Nurse at the San Antonio Military Medical Center (SAMMC), the DOD’s only Level I Trauma Facility. His role includes providing care and assessment in the area of triage, quick assessment as well as serving as a charge
nurse in the triage area. Mr. Jewell also serves as a unit-based educator including new hire precepting within the triage model of care and is also involved with the treatment, stabilization and transfer of veterans diagnosed with Post-Traumatic Stress Disorder as well as care of veterans, spouses, and dependents of individuals with suicidal ideation, tendencies, and attempts. Mr. Jewell is a well-known proponent of student nurses. He has provided multiple lectures on transitioning from a student to an ED nurse and the realities of the workplace for new nurses at both the Texas Student Nurses Association (TSNA) and NSNA conferences. Mr. Jewell has been an extremely active member of the Emergency Nurses Association on the local, state and national level and is currently the President-Elect of the Texas Emergency Nurses Association.

‘Emergency Preparedness’ (wt)
‘Violence in the Workplace’ (wt)

Christine Russe MSN, RN, CEN, CPEN, TCRN, FAEN

Ms. Russe is the Clinical Excellence Program Manager for the Texas Health Resources. She has been a nurse for over 36 years, 32 of which have been in the emergency department. As the 2013 Texas ENA State President and a member of the Texas ENA Government Affairs Committee she worked with the Texas ENA on the passage of House Bill 705; making it a felony to assault ED personnel. Ms. Russe is a recognized lecturer on workplace violence, emergency preparedness and other clinical topics and also served as a content reviewer for the Disaster Management chapter of TNCC 7th edition manual.

‘Diabetes Survival in Practice: New Technologies and Therapies’

Betsy Swinny, MSN, RN, CCRN

Ms. Swinny is Associate Director for the Baptist Health System, School of Nursing. She is a critical care certified RN with over 30 years of experience. She is currently teaching and managing for the Baptist Health System, School of Nursing. She has many years of experience as a critical care nurse, teaching critical care nursing to new nurses, and teaching advanced life support. She also has expertise with management of diabetes and mentors patients with diabetes, teaching and coaching diabetes management and life skills related to living with diabetes. Ms. Swinny has been a Board member of the San Antonio Chapter of the American Association of Critical Care Nurses for over 10 years. She has published chapters related to the endocrine system and diabetes in medical-surgical and critical care textbooks. She has also published articles related to critical care nursing and end of life issues.

‘Screening: Brief Intervention, and Referral to Treatment (SBIRT)’
‘Intoxication and Withdrawal’

Katherine McQueen, MD

Dr. McQueen is a nationally recognized expert in the field of addiction medicine. She has written several book chapters and articles related to addiction, and has lectured extensively on Screening, Brief Intervention, Referral to Treatment (SBIRT), prescription drug misuse, as well as addiction as a medical disorder. While on faculty at Baylor College of Medicine and UTHSC Houston, Dr. McQueen developed, and was the Medical Director for InSight, the State of Texas SBIRT Program. InSight screened more than 90,000 Harris County residents for substance use problems and provided both brief intervention and more intensive services when appropriate to more than 20,000 patients. The Office of National Drug Control Policy and the Substance Abuse and Mental Health Services Administration recognized the work she has done with the SBIRT Program. Prior to joining the medical staff at La Hacienda Treatment Center she was on staff at the Memorial Hermann Prevention and Recovery Center and Medical Director for Contemporary Medicine Associates’ outpatient clinic.
‘HIV/AIDS in the Emergency Room’

Delia Bullock, MD

Dr. Bullock is an Assistant Professor of Medicine in the Division of Infectious Diseases at UT Health San Antonio. She graduated from their School of Medicine in 1992, completed her Internal Medicine residency in 1995, and served an additional year as Chief Medicine resident. She then joined the practice at the Family-Focused AIDS Care and Treatment Services Clinic (FFACTS), San Antonio’s largest HIV clinic. Here duties include direct patient care and teaching. Dr. Bullock is an expert and thought leader in HIV/AIDS and sexually transmitted diseases and has lectured extensively on these subjects.

‘ABGs in Trauma’
‘Sudden Death in Children and Young Adults’

Barry F. Hudson, BSN, RN, CPEN

Mr. Hudson is the Charge RN and Trauma Nurse Leader Team a Cook Children's Medical Center in Fort Worth, Texas. He received his ADN in 1977 and graduated with his BSN in 1986 from the University of Texas at Arlington. Mr. Hudson has worked for 40 years in emergency nursing including roles as a staff nursing, flight nursing, in EMS management and nursing management. He precepts new graduates and new employees on the unit and provides education presentations for the staff. Mr. Hudson is an active member of the Texas Emergency Nurses Association (TxENA) and in addition to holding several committee chairs was the 2011 President. Currently he is the Parliamentarian of the Texas State Council.

‘Current Research Trends in Trauma Care’

Dr. Michael D. Moon PhD, MSN, RN, CNS-CC, CEN, FAEN

Dr. Moon is an associate professor and clinical nurse specialist at the University of the Incarnate Word School of Nursing and Health Professions in San Antonio, Texas. He has 29 years of experience as an emergency nurse and is a fellow in the Academy of Emergency Nursing. Dr. Moon is an active member of the profession. He has maintained practice as a CNS, participated as a researcher in numerous research studies, published many articles related to emergency nursing, and presented at the local, state, and national levels.

‘Pediatric Airway Considerations for the Savvy Emergency Nurse’

Dr. Nadia M Pearson, DO, MPH, FACEP

Dr. Pearson is a 2005 graduate of Nova Southeastern College of Osteopathic Medicine. She completed her Emergency Medicine Residency at Carl R Darnall Army Medical Center in 2011 and a subsequent fellowship in Pediatric Emergency Medicine at Texas Children's Hospital in 2013. She has lectured nationally and published several articles. Dr. Pearson serves on the Pediatric Committee for the American College of Emergency Physicians and is currently the President of the Government Services chapter of the American College of Emergency Physicians as well. She serves as the Director of Pediatric Emergency Medicine at the San Antonio Military Medical Center since 2013 and holds Assistant Professor of Military and Emergency Medicine status at the Uniformed Services University of the Health Sciences.
