

San Antonio Emergency Nurses Association Records Retention Policy

- A. As a tax-exempt, non-profit organization, record keeping and record retention are very important. Although in many situations the requirements for a profit corporation and non-profit corporation are identical, there are two specific considerations for the non-profit organization to have an established records retention policy:
 - a. In order to retain Federal Tax exemption, a non-profit organization must establish that it is organized and operated as to the specified purpose that gave rise to the Internal Revenue grant of a tax exemption. San Antonio Emergency Nurses Association's non-profit classification is as an "educational" organization (IRS section 501(c)(3)).
 - b. Under the federal Sarbanes-Oxley Act (2002), the destruction of documents in the face of a governmental inquiry is a criminal offense and applies to both profit and non-profit companies. Although there have been various state and federal requirements regarding the maintenance of records before Sarbanes-Oxley, it is now of utmost importance to maintain a policy of records retention and be aware of this law in the decision making process for destruction of documents.
- B. The table marked as Attachment A, which is not specifically mandated by state or federal statute does provide a rational order of retention and disposal time-tables suggested by the possibility of disputes within the organization, litigation, and potential for audits by federal or state authorities.

The terms "records" and "records retention" include hard copy paper, computer disks, microfilm, scanned, or digitized copies, magnetic and visual media, and such other electronic communications.
